BROADWAY PROGRESS — Workers of the Daley Corp. have installed the new curbs on both sides of the mile-long reconstruction project on Broadway in Lemon Grove. Here, crew breaks up old concrete roadway with big steel ball. Company will work on north side of street first, then open it to traffic and switch to south side. Utility poles on north side have been moved out of roadway.

Newspaper Honored With 'Place' Awards

This newspaper won two awards last week at the 10th annual press awards banquet sponsored by the San Diego County unit of the California Newspaper Publishers Association. The San Diego Chamber of Commerce hosted a social hour and arranged program details.

The awards won by this newspaper both were based on editorials and news stories which began with incidents at the Ace Drive In Theatre and resulted in the formation of the Lemon Grove Coordinating Council, attempts to form a recreation district, attempts to obtain a county park, and overall attempts by the community to curb what threatens to become an increasing juvenile delinquency problem.

The awards were second place in the Community Service division and third place in the Youth Service division.

The Escondido Times-Advocate was awarded first-place honors in both the Best News Story and Community Service categories of the annual press awards contest. Both contests are sponsored by the Barnes Chase Co.

Other winners and contests were:

High School Bonds Sold

SAN DIEGO (CNS) — The sale of \$1,400,000 of 1960 series A bonds of Grossmont union high school district to Bank of America has been approved by the County Board of Supervisors.

The bonds were for a bid of 4.0746 per cent interest, which County Treasurer Delaven Dickson described as a good rate of interest for the district. He said the narrow grouping of all the bids submitted for the issue showed that the district had the advantage of close competition.

The Peninsula News of Ocean Beach, the Henry C. Reed Award for the Best Editorial. The El Cajon Valley News, the San Diego State College Undergraduate Chapter of Sigma Delta Chi Award for Outstanding Contribution to Education.

The Poway News, the Public Relations Club Award for Youth Service.

The Carlsbad Journal, the Breitbard Athletic Foundation Award for Outstanding Contribution to an Athletic Program.

Grove School Man Eyes Construction If Voters Say Yes

Additional classrooms and other buildings for the school district can be built in Lemon Grove during the next two or three years if Proposition 2 on the June 7 primary ballot is endorsed by California voters, officials of the district said this week.

Byron Netzley, superintendent, stated that completion of existing plants hinges on successful passage of the issue. Projects still to be finished include Vista La Mesa, additions at San Miguel, San Altos, and Mount Vernon, and completion of Palm Junior High, where complete facilities are still lacking, he said.

Lemon Grove received nearly two and a third millions in funds for construction from the state since the State School Building Aid Program went into effect in 1949, Netzley said. San Diego County schools have received a total of \$3 million. This money has permitted areas of low assessed valuation to grow with the school population, Netzley said, relieving the local tax sources of additional strain. District repay loans over 30-year periods on a given tax rate formula. Unpaid balances are cancelled by the State at the end of 30 years.

Valley Chamber To Hear About Education System

A panel of Spring Valley elementary school principals: Mrs. Minnie Rushing of S.V. Elementary, William Schell of Bancroft, Don Barnes of Avondale, and Fred Burkhardt of Casa de Oro, with Keith Dolan, principal of S.V. Junior High School, will highlight the program of the Spring Valley Chamber of Commerce meeting Monday at 8 p.m.

The panel's discussion will be the history of school growth in Spring Valley, additional growth anticipated in the near future, curriculum developments and current educational projects under way, as well as the building program which includes two new elementary schools to be opened in Spring Valley for the coming school year.

Program chairman Chet Smith says that six business people of the Valley will be introduced (tentatively): Mrs. Mary Jeffress of Jeffress Realty, Campo Rd.; Richard Jordan of the new Texaco station, Bancroft and Lamar; Frank Rose, S.V. plumber on Bancroft Dr.; E. E. "Whitey" Cross, of the Cross Const. Inc., Bancroft and Olive; W. A. "Wally" Johnson of the Builders Supply and Equipment, Campo Rd., Casa de Oro; and Ugo Coletta, S.V. barber at Bancroft and Campo Rd.

The "Know your Churches" will also be part of the evening program, with Rev. Lewis Ginn giving the prayers and saying a few words about his church, the Bancroft Baptist Church. A potluck supper, starting at 6:30 p.m., will precede the meeting. All persons in the area are invited to the potluck and the meeting.

PIGEON EXHIBIT

DEL MAR — Among the new entries in the Pigeon Division at the Southern California Exposition and San Diego County Fair in Del Mar (June 24 through July 4) is that of John Pierson and Son of 8070 Mountain View, Lemon Grove. He will have six White King Pigeons on exhibit for judging.

Political Bandwagon To Roll Here Nixon Supporters To Tour County, Stir Up Votes

"A good old-fashioned political bandwagon will roll through Lemon Grove and Spring Valley on behalf of Richard M. Nixon and his Republican team this coming Saturday," according to Rear Admiral Leslie E. Gehres, USN, retired. Gehres, chairman of the event, said that its purpose is to urge San Diego County citizens to get out and vote for Nixon and other Republican candidates in the California primary election June 7.

Departing at 9 a.m. Saturday from an assembly point on the San Diego Civic Center parking lot, a bus carrying a Dixieland band and Nixon supporters will be followed by brightly-decorated private automobiles belonging to members of various Republican organizations and non-partisan Nixon-for-President clubs, as well as other individuals supporting Dick Nixon for the Presidency.

Gehres said that anyone interested in joining the caravan, either at the Civic Center starting point or anywhere along the route, is welcome to do so. The caravan, designed to remind people of old-fashioned individual participation in national government, will root and toot its way through every major population area in San Diego county. It will proceed along Harbor Drive and Nimble Boulevard through Pacific Beach to La Jolla.

From La Jolla, the caravan will travel along Highway 101 to Del Mar, through Solana Beach and Encinitas to Carlsbad and Oceanside. From Oceanside the caravan will proceed down highway 78 to Vista, continuing through San Marcos to Escondido. From Escondido the caravan will move down highway 395 to Clairemont, moving to Morena Boulevard and up U.S. 80 east to La Mesa and El Cajon, through Spring Valley and Lemon Grove to National City, Chula Vista and Bonita, where the tour will end.

The main vehicle in the tour will be an open bus leased especially for the occasion by the San Diego Nixon-for-President Committee. The Dixieland band aboard the bus will be the Hazlett Hasslers.

Gehres anticipated that the tour would take four or five hours to complete.

"Since we won't be stopping very long anywhere along the way," Gehres said, "We're suggesting that those joining the caravan for the full tour bring a lunch."

Gehres said that cars would be decorated with red, white and blue streamers prior to departure from the Civic Center parking lot in San Diego.

JUNIOR POULTRY

DEL MAR—Closing date for entries in FFA and 4-H Junior Poultry Department of the Southern California Exposition and San Diego County Fair in Del Mar (June 24 through July 4) is June 13th.

Both commissioners' terms expire June 1, and the Board voted unanimously to second and then approve Gibson's nominations.

Helix high school's graduation course for holders of senior life saving cards will be held at Carman Ranch Club, 2515 Sweetwater rd., starting this week.

The course is sponsored by the American Red Cross and will be held on a three nights a week schedule, according to Orin Meyer, head of the aquatics division of the Red Cross.

Future of Lemon Grove Researcher Says 'Make a Survey'

Million-Dollar High School Planned Here

Site Overlooks
Sweetwater Lake
In Spring Valley

Land for a million-dollar Lutheran high school to be built in south Spring Valley is in escrow, backers of the projects said this week.

Mrs. George Neumann, spokesman for the Lutheran High School Association, said that the group already owns 10 acres and has 14½ acres in escrow. The 24½-acre site is at the intersection of Paradise Valley and Sweetwater roads, atop a hill overlooking Sweetwater lake. The property cost \$106,000, she said.

The Lutheran group plans to build a high school which would serve from 500 to 750 students initially. Mrs. Neumann said. Initially, it would have only the freshman and sophomore classes, but would grow during the following two years to include the junior and senior classes.

At the same time, the original facility of 16 teachers would grow to include 32 teachers. Mrs. Neumann said that the high school would give preference to students of the Lutheran faith, "but I would presume that if this does not fill the school, other students could enroll."

She said that a 12-man board of regents would govern the school, which would be a fully-accredited high school. The school would have college preparatory classes, would train prospective ministerial students and future teachers and also would have a commercial department with shops for training students in various trades.

"We still have a lot of planning to do before we know exactly what we want," she said.

Ray Reappointed To Planning Board

SAN DIEGO (CNS)—Reappointment to the County Planning Commission of El Cajon's Warren K. Hooper and Spring Valley's Gilbert Ray has been voted by the County Board of Supervisors.

Both commissioners' terms expire June 1, and the Board voted unanimously to second and then approve Gibson's nominations.

Ambition Realized, Father Of Valleyite Dies Quietly

The father of a Spring Valley woman recently realized a life-long dream, then passed away.

Henry E. Smith of 4794 63rd St., San Diego, celebrated his 70th birthday on May 4. Then on May 16, he and Mrs. Smith celebrated their Golden Wedding anniversary at the home of their daughter, Mrs. Joe Curtis, 9165 Rosedale Dr., Spring Valley. It was a wonderful day for the honored guests, with friends relatives and neighbors wishing them "the best of everything."

Came May 21, and Henry Smith, after a long illness, quietly passed away. His great ambition, he had said many times in the past, was to live long enough to celebrate his 50th wedding anniversary.

Funeral services for Henry Smith were held May 25 at Greenwood Mortuary and interment followed in Greenwood Memorial Park. He was a retired electrician.

Survivors include his widow Clene; his daughter, Mrs. Joe Curtis of Spring Valley; a son, Henry Smith of El Cajon and a sister, Mrs. Susie Pratt of Detroit, Mich.

Your sample ballots for the Consolidated Primary Election, you will notice, have a different look.

With the elimination of cross-filing, the ballots have taken on an appearance of Spartan simplicity.

Where partisan races are concerned, you find only the name of the candidate who has the same party affiliation as you. This does not prevent you from writing in the name of another candidate, if you wish.

You will be required to stamp an "X" in front of the name of the candidate you wish to vote for if his name is already printed on the ballot. If you write in a name, the act of writing it in makes that name your choice.

With the same Spartan simplicity in which ballots are cloaked this election, a suggested voting guide is offered here for you to follow:

Graduation Scheduled In Area High Schools

Graduation ceremonies in the high schools of the district have been set for June 15 and 16.

Both Helix and Mt. Miguel high schools will hold graduation exercises in the Helix Stadium. Mt. Miguel staff members will be there at 8 p.m. on Wednesday, June 15, to present diplomas to 408 seniors who will walk down the honor aisle.

Leading the class are two valedictorians, Nancy McCaslin and Carolyn Wardell, and 41 honor graduates. Palmer Svalstad of the board of trustees and Harold G. Hughes, associate superintendent, will distribute diplomas.

Helix high school's graduation course for holders of senior life saving cards will be held at Carman Ranch Club, 2515 Sweetwater rd., starting this week.

The course is sponsored by the American Red Cross and will be held on a three nights a week schedule, according to Orin Meyer, head of the aquatics division of the Red Cross.

Those who wish to participate may make arrangements at the swimming club or at the Red Cross. A pool facilities fee of \$50 a lesson will be made.

intendent, will present diplomas. Gerald Sodomka is valedictorian.

Grossmont's 385 seniors in blue and gold will receive diplomas at 4 p.m. June 16 in the Greek Bowl from H. G. Hughes, associate superintendent, and Mrs. Portia Goode of the board of trustees.

Jan Johnson will deliver the valedictory, and two salutatorians, Rory Van Tuyl and Harold Nathan, also will be honored. Juniors will hold the daisy chain and also assisting with the ceremonies are the Reverend G. H. Hoffman of St. Luke's Lutheran Church in La Mesa.

Two weeks ago the Board heard a plea from Gilbert Ray for county aid. He said the total project would cost about \$320,000 but that the burden would be too great on local taxpayers if the county could not help with the drainage costs.

The question of the use of gas tax funds arose because the area where the money would be spent is in state right of way, although all the road eventually will be given to the county by the state.

The county counsel's opinion said, "It would appear that such funds received by the county must be used exclusively for county highway purposes in the absence of an express provision of law authorizing their use for other highway purposes."

Ray hinted that the project might have to be abandoned if the burden of assessment is too heavy for local taxpayers to bear. He told of one piece of property with a frontage of only 125 feet on Campo road that would be assessed \$16,000.

Supervisors have been told that they can use general funds for the drainage job, but they took no action. Instead, the county counsel's opinion was only "filed."

Dave Bird, Second District county supervisor, this week wound up his campaign for reelection on June 7 by stating, "It's been a truly gratifying experience. Old friends and new faces combined have reflected the enthusiasm and trust which inspires a public servant."

"I'm looking forward to another four years of hard work," continued Bird, "and if I didn't find it so self satisfying I'd never have campaigned so hard."

Bird concluded by asking everyone to vote on Tuesday, June 7.

Bird is finishing his fifth term. He is the chairman of the board of the National Association of County Officials.

Men's Club Hears Second Talk By College Man

Candidate Keebler
To Be Speaker
This Friday

Al Keebler of Vista La Mesa, candidate for the position of county supervisor, will be guest speaker Friday at the Lemon Grove Men's Club.

Keebler is opposing incumbent David Bird, who has held the post for 20 years.

At last Friday's session of the club, Dr. Richard Bigger of the San Diego State College Public Affairs Research Institute returned to continue his talk about the future prospects for local government in Lemon Grove.

As he had done when he appeared two weeks earlier, Dr. Bigger avoided any specific recommendations and offered no specific answers to questions posed by members of the club.

He said that before anyone could chart a course for the community, a survey "of some kind" should be made which would list all of the kinds of governmental services now available; all of the services that would be required; what boundaries should be established; what the costs would be; what the revenues would be; what would happen to the present districts (school, fire, sanitation, water) under various types of government.

Asked about a survey made in 1957 by the Los Angeles Bureau of Municipal Research, Dr. Bigger commented only that the survey report was "superficial."

County Told Can't Use Gas Tax for Drainage Work

SAN DIEGO (CNS) — Prospects for county aid in financing drainage construction in Campo road in the Casa de Oro area of Spring Valley has suffered a setback. The County Board of Supervisors has been told that it cannot use gas tax funds for the project.

Two weeks ago the Board heard a plea from Gilbert Ray for county aid. He said the total project would cost about \$320,000 but that the burden would be too great on local taxpayers if the county could not help with the drainage costs.

The question of the use of gas tax funds arose because the area where the money would be spent is in state right of way, although all the road eventually will be given to the county by the state.

EDITOR: On June 7, those fortunate enough to live in the La Mesa-Spring Valley School District are to be given the (not so) rare opportunity of approving another school bond issue.

It is quite providential for the school administration that the faculty of memory with most of us is faulty at best; but there are some who can dimly recall the fact that on Oct. 15, 1953, we voted for bonds to the tune of \$6,000,000. This tidy little sum was approved upon the assurance that the amount "will support a five-year program." Are we now to assume that we shall be confronted with the privilege of approving a five-year program every two years, or will it be reduced the next time to one year, or maybe six months?

Can this be another of those dazzling gifts, the pennies-from-heaven promise that it "will cost nothing—well, that is, practically nothing," like the soothing pap passed around in 1953? Of course, as long as we are generous and agreeably gullible, we should expect to get it in the neck. And good. And who is concerned with the fact that, in this district, homes bear the brunt of the county taxes, with the schools getting more than half the total and increasing each year?

But we do get something for our money: we have the rare distinction of being listed among the most advanced school districts in the whole state—advanced, for example, when it comes to the cost of operation. In the 15th report of the California Investigating Committee on Education we had the honor of being given five of the illustrations representing examples of extravagant school buildings and features.

Some of us more innocent ones were naive enough to believe that, with the ever-increasing number of homes in the district, school taxes might be individually reduced. An old-fashioned and laughable idea, to be sure. Now, the more people to pay, each one pays more. This must be one of the more involved problems in higher mathematics, not supposed to be understood by the mere, slow-thinking and bewildered Mr. Milktoast who is allowed to pick up the tab.

But, it goes without saying, we shall, as usual, sign on the dotted line, and hand over another blank check (with a concealed but built in IOU) to our dearly beloved school administration. Remember, we should not consider such a sordid thing as economy when it comes to our kiddies.

EDITOR: The last meeting of the Fire Commissioners, May 10th, seemed to be the time for passing the preliminary budget for 1960-1961. The firemen were privileged to have representation in this particular meeting to arbitrate salaries, retirements, etc.

The Fire Department is in its tenth year since it was organized and the firemen are still working undersalaried, longer hours, with no sick leave or plan for retirement. It was the purpose of this committee of three firemen at that meeting to have the commissioners adopt a retirement plan to raise the salaries to the equivalent of the La Mesa and El Cajon Fire Departments. It was also petitioned by several sheets of signatures by the taxpayers that the firemen should have the raise in salary and that a plan of retirement be furnished. The commissioners did offer a 5% increase in salary and stated that they would try and work out a retirement plan that could possibly be put into effect next year.

It is understood that there was no opposition to this petition at the meeting outside of the fire commissioners. It is further understood that the commissioners are charged with the desire of the taxpayers yet they seemed to have denied or partially denied the petition.

Dear Editor:

We would like to draw your attention to the story of a world prayer, known as the Great Invocation.

Introduced in 1945 as a prayer which voiced the needs and aspirations of all humanity. Being non-sectarian, uncopyrighted, undenominational, belonging to no one group, it is sponsored by many spiritual minded people of many religious backgrounds.

It seems only fitting that now, in this time of world confusion, that men and women the world over, should set aside a day in observance of the 9th annual World Invocation Day.

Thursday, June 9, men and women of goodwill here and overseas, are uniting in prayer for the divine Plan to be restored on earth. Public meetings scheduled for World Invocation Day are being held in New York, London, Geneva, Athens, Capetown, Buenos Aires and in other American

If San Diego city fathers are trying to wreck the economy

of their own town, they're doing a pretty good job of it.

We, of all people, won't complain that they're driving

people to live and shop in Lemon Grove, Spring Valley and

other communities, beyond the idiotic reach of the city's execu-

tive operation.

The first instance is the matter of the parking meters.

There are those who argue that parking is for the taxpaying

motorist; not for the business and professional people who

are being financially hurt by the present dime-a-time meters.

Take a look at a Santee school teacher, who was caught in

the tolls of the parking meters recently. He had four pennies,

and a \$10 bill when he dashed into a nearby store to get

change. A Meter Maid put a parking ticket on his windshield

when he was not fast enough.

He appealed to the courts and in a verdict attesting hu-

maness and good judgment, Municipal Judge Edward J. Schwartz

acquitted the teacher, and sagely observed that if citizens are

expected to have the correct change at all times, it is the duty

of the city to provide change machines at each parking meter.

Here's a hurrah for Judge Schwartz.

In another instance, at a public hearing in the Hall of

Justice, where city employees had just asked for, and were being

given, a 10 per cent increase in wages, a taxpayers group was

lodging a protest.

The tax group was attempting to show the Council that

budgeting a bigger payroll was not in line with the growing

unemployment in the city.

Reportedly snapped Mayor Dail, "What does unemploy-

ment have to do with it (the 10 percent increase)?"

Nothing, your Honor, unless Council is worrying about

some home owners who have been reduced to part time, and

non-time employment through no fault of their own. These

same unfortunates are hard put to feed their families.

What does unemployment have to do with pretty big in-

creases to city employees?

Plenty!

Public Schools Man Sees California Leading Nation in Enrollments

LA MESA—A prediction that the 1960 census will reveal that California leads the nation in total school enrollment was made recently by Dr. Wallace W. Hall, associate superintendent of public instruction for California, speaking to La Mesa-Spring Valley school officials.

Dr. Hall said he believes the census will put California behind New York state in total population but that the number of students in school will be higher in this state. He said last year's enrollment of 3,155,000 will exceed five million by 1970.

He linked expanding school enrollments to an increasing problem within the next few years of providing adequate facilities in the way of school buildings, textbooks and equipment. He predicted, however, that by 1965 California's teacher training institutions will be able to train teachers in ample quantity to meet the demand.

Other long-term issues confronting California, according to Dr. Hall, will be those concerned with the financing of schools, the education of gifted youngsters, the utilization of such aids to teaching as closed circuit television for certain appropriate subjects, and others.

Dr. Hall's observations were made in a one-day special visit to the La Mesa-Spring Valley School District where he observed advancements being made in the district's National Defense Education Act science project, financed on a matching basis by federal funds.

In an afternoon talk to the La Mesa-Spring Valley Administrative Council, Dr. Hall said that public schools must look to federal funds for relief from over-size classes. "It will be a nip and tuck affair to get funds for current operations and teachers salaries into a federal school housing bill," he said. He doubted that such a bill would be signed by the President.

Dr. Hall described the negotiations of the state Department of Education and state Board of Education in contracting with publishers for the private printing of textbooks under an eight-year arrangement. In prior years the California State Printing office has printed state-approved textbooks using leased printing plates.

"More than 11,000 teachers, principals and PTA members participated in the evaluation of basic reading textbooks for

Local Firemen Attend Workshop

Three men of the Spring Valley fire department, Chief Frank Berger, Lt. Daryl Stager and Lt. Howard Lawton, attended the seventh annual Fire Training Officers workshop at Fresno on May 16-20.

This was Chief Berger's second session and his main study was modern methods of leading conferences. The two lieutenants studied techniques of instruction. Two important studies were diesel locomotives and Greyhound buses . . . where the fire fighting equipment and passenger escape are located in case of fire.

Chief Berger said that 150 California fire districts were represented at the workshop. All types of fire units were represented: local fire districts, State Division of Forestry, U.S. Division of Forestry and volunteer departments. The program was sponsored by the State Board of Education.

To Address Grove Men's Club

(Continued)

He disagreed with Postmaster F. R. Faucher, who called the report "an excellent one."

Dr. Bigger said that the survey would have to go "much deeper" into an analysis of the community before it could be used to chart a course for the future.

But he added that "something should be done," commenting that "In all probability, Lemon Grove won't be able to remain unincorporated very long unless the county government greatly increases the level of the services that it offers to the community. And that is highly unlikely."

Asked by club president Bill Davies about the practicality of "gerrymandering a boundary

for incorporation that would take in only the business district," Dr. Bigger commented: "You might have something there."

He pointed out that the City of Industry in the Los Angeles area had done just that "and is a wealthy city," but pointed out that a city must have a minimum of 500 residents for incorporation.

Grossmonters Win Mental Health Award

Students of Grossmont High School have just received a scroll of appreciation from the San Diego Mental Health Society, May 15. The certificate was awarded to Adeline Thomas, junior, in recognition of the donation of gifts made to Patton State Hospital at Christmas. The gifts were not to the patients but for the patients to send to members of their families. Recognition of the service performed by Grossmonters was made at this time to coincide with the Mental Health Drive now underway.

The gift drive at Grossmont was under direction of the Future Nurses' Club whose president is Adeline Thomas. Mrs. Della Benedict, school nurse and advisor to the group, says a similar drive is planned for next year.

AN OPEN LETTER FROM

IRA (IKE) KANER ON HIS

June, 1960

June 5, 1960 marks one year in business in Lemon Grove. I would like to extend my thanks to the many friends and patrons developed in this area in the past year.

The decision to settle in Lemon Grove was not made in haste, but with many years of planning. Having been a new car dealer for the past eight years in the city of Van Nuys, my thought was to become a part of a community in which my children and grand kids could enjoy a fine climate and progress in many ways. San Diego County with its fine educational system and religious institutions seemed an ideal place.

Twenty-four years as an automobile dealer have pointed the way for establishing a policy for the present operation of IK CARS, to operate with a very small overhead in order to pass the savings on to the purchaser, to remain in the used automobile business enabling careful selection of vehicles, to staff IK CARS with courteous men dedicated to stating facts, to make a constant endeavor to improve every phase of the operation, to treat people as we would like to be treated and to become an active participant in community affairs.

Sales of new machinery and especially used machinery, whether it be milling machines, lathes, or automobiles, requires many skills. In our business a mechanical know-how of a variety of manufacturers is required, not to mention the knowledge of cash values and financing know-how. Diplomacy and adjustment ability too, is important. To err is human, but the purchaser need not pay for our mistakes. We may not please every purchaser—if not, is not because a diligent, honest effort was not made by us to adjust each problem to the full satisfaction of the purchaser.

We are especially pleased to offer a splendid variety of used commercial vehicles for sale. Since many of our customers earn their livelihood with the vehicle, a pleased owner will soon become our best salesman and a successful venture on his part will perhaps cause him to seek a second unit at our place of business.

Hope to serve you in our second year of operation.

Sincerely,

IKE

Lemon Grove Youth Given Top Award At Iowa College

CEDAR FALLS, Iowa, (Spcl.)—Jim Duce, a senior from Lemon Grove, was presented the Iowa State Teachers College scholarship-sportsmanship athletic award last week at the school's spring sports banquet.

Duce, a track man, holds Teachers' indoor pole-vault record, (13 feet, 4 1/2 inches) and is a two-time North Central Conference vault champ.

The award was presented by Athletic Director L. L. Mendenhall on behalf of the athletic board. It is based on scholarship, sportsmanship and athletic ability.

Duce has the highest grade point of all senior lettermen at Teachers. He recently was elected to the Purple Key, an honor society based on leadership, participation in extra-curricular activities and scholarship.

He is past-president of the I-Club, an organization of lettermen athletes.

Enrollments Made For High School Summer Classes

Out of 9,200 students in the five schools of the Grossmont Union High School District, about 5,000 students are enrolled for summer school classes which run from June 20-August 5 and from August 8 to August 30. Approximate enrollments are as follows: El Cajon Valley High, 1,300; El Capitan, 510; Grossmont, 1,150; Helix, 1,300; and Mt. Miguel, 1,600.

A special feature of the program this year is a second session from August 8 to August 30 at Mt. Miguel only. Students may attend this session for 4 hours daily to earn one half a credit. Those wishing to attend may register now at their own schools, according to director Mel Grant. Enrollments in all schools are high in typing, driver education, health, civics, social problems, and other requirements which students wish to complete. At Helix, Lewis Freed, summer school director, reports that 95 per cent of next year's tenth grade class will be at summer session. Courses are still open, especially in English review.

At Grossmont, there are heavy enrollments in driver ed and typing as well as an evening session from 7 to 9 for students who work up to six hours per day, making daytime attendance impossible, according to John Burdick, summer school director.

IRRIGATED LAND
Nine out of ten Californians live in an urban environment, although California contains more than 25 per cent of the nation's irrigated farm land, says the Water Facts Library. About five million acres were under irrigation at the start of World War II, while today it is estimated that there are about eight million irrigated acres in California, says the Library.

DOROTHY DIGGS in the garden

I regret that so many people have abandoned trying to grow a few table vegetables in the back yard. Some say that the trouble of watering, cultivating and spraying makes the garden vegetables more costly than the ones they buy in the market.

Nevertheless, home grown vegetables have two advantages: (1) If you supplement your soil with minerals you are able to give your family vegetables more rich in vitamins than any you can buy. (2) You can spray and dust them with materials you know are not poisonous, and thus safeguard your family.

To control diseases and pests in a vegetable garden, use either a regular vegetable spray or a non-poisonous all-purpose dust.

Read the labels of the products you buy for spraying or dusting vegetables and you can tell by the warnings they carry whether or not they are safe to use, because our government is extremely particular to force manufacturers to print proper precautions on materials that may be of a harmful or poisonous nature.

Home Runs Spark C de O League During Week

Home runs and double-plays highlighted the week's games of the Cajon de Oro Little League. Following are their scores.

May 23 . . . Tigers 13, Bears 5, with Arvin Bahila as winning pitcher. The Tigers chalked up two homers, one by Doug Parent and one by Dave Junker.

May 24 . . . Cougars 2, Colts 1, with Warren Nall as winning hurler.

May 25 . . . In the replaying of a former rained-out game, it was Cougars 7, Bears 1, and Larry Pite as winning pitcher. Bob Swenson of the Cougars got a home run. The Bears made a spectacular three-way double-play: Dave Miller to Steve Womack to Allen Phillips.

For the minors:

May 23 . . . Larks 22, Eagles 20, and Dave Brackett was the winning pitcher. Bob Brackenbury of the Eagles got a home run.

May 24 . . . Cougars 23, Robins 9, with George Stock as winning pitcher.

There were two former rained-out games replayed:

May 26 . . . Hawks 11, Cardinals 6. Bob Serr was the winning pitcher.

May 27 . . . Eagles 19, Robins 16. Steve Elliott was the winning pitcher. Doug Womack of the Eagles made a double play, unassisted.

Mrs. R. L. Reed, publicity chairman for the C.D.O. Little League, reports that the recent C.D.O. Auxiliary sponsored bus trip to Hollywood was a huge success. There were 35 persons who took the trip. Mrs. Reed was interviewed on the tee vee show Truth or Consequences, having the embarrassing moment of having her purse searched on the show. Several points of interest were visited during the tour.

STUDENTS no longer need to be hindered by reading disabilities or handicaps resulting in low grades, emotional disturbances and related problems. OTHERS, need not be held back professionally, nor have success deterred due to slow, improper reading habits. Self-confidence and better grades are the end result.

PHONICS, word-attack skills, tachistoscope machines and rate-meter training make for a unique reading program. Reading speed can be increased up to 100 percent.

CLINIC WORKSHOPS train Remedial, Developmental and Accelerated students, individually and in groups of four. Diagnostic reading tests are administered prior to enrollment.

Fred Weber Again Heads Music Parents

Fred Weber will be installed for a second term as president of the Lemon Grove Music Parents Club next Monday evening, June 6, at that group's final business meeting of the year. Other officers include Mrs. Josiah Prince, first vice president; Mrs. Edwin Earhart, second vice president; Mrs. Blake Gruver, secretary; and Mrs.

Melvin Harter, treasurer. Program for the evening is a "dress concert" by the Lemon Grove School Band. Concert numbers learned during the year are to be featured. Mrs. Darlene Anderson, eighth grade drum majorette, will give an exhibition of baton twirling. Plans for the music students picnic for Tuesday evening, June 7, will be completed. The meeting begins at 7:30 p.m. at the Lemon Grove Junior High auditorium. Refreshments will be served to members and guests following the program.

'Hervey Dodging Debate' Garfield Backer Says

Superior Court Judge Edgar B. Hervey apparently is dodging debate with his primary election opponent, El Cajon Municipal Judge R. Fenton Garfield, according to Jim Culver, La Mesa business man who is managing Garfield's campaign to unseat Hervey.

He said that Garfield had tried in vain to set up personal contact with his opponent. Culver made his remark after a Point Loma meeting where the two met were scheduled to debate issues of the campaign. Judge Hervey sent his son, chairman of the San Diego County Republican Central Committee, to the meeting, saying he had to preside at a night session of Superior Court.

William Seeley Named President Of Dance Club

William Seeley, 4130 Nabal Dr., Homelands, has been elected president of the Los Lugares Dance club, a Foothills organization. Others elected are Mrs. Paul Stewart, secretary; Mrs. W. L. Thomas, of Lemon Grove, treasurer; Mrs. Ralph Clark, membership chairman; Mrs. Blakemore Thomas, social chairman; Mrs. Martin Van Dyke, publicity chairman; and Mrs. W. Cy Hubbard, progress chairman.

Installation dinner dance for the club will be held Saturday at 8 p.m. in Casper's Ranch Club, North Magnolia, El Cajon. It will be formal and for members only. Decorations will be of tapers and floral arrangements. New member couples to be introduced are Messers and Mmes. James Bass, George McEwen and Arno Mueller.

Dance chairman are Mr. and Mrs. John Speed. Assisting are Messers and Mmes. John Cady, Henry Heil, Robert Shaw, Stanley Rogers, Joseph Fammie, and Frank Corkdale. Outgoing president is Charles Carlisle.

MUSICAL GRAB BAG

"The Musical Grab Bag," an original variety show, will be presented by the Lemon Grove Junior Women's Club for the Lions Club dinner-dance to be held at Casper's Ranch, June 18. All donations from such engagements go into the Juniors' musical scholarship fund.

TWO TOURS

Two field courses, involving a 2,000-mile geographic tour of the State of California and a 2,000-mile tour of the state's juvenile correction agencies, will be among the 67 course offerings in the humanities and social sciences this summer at San Diego State.

Elected
T. T. CRITTENDEN — JUDGE
El Cajon Municipal Court

Culver said that Hervey had scheduled the night session but it was a "very ordinary case" and the night session was not necessary.

"All through the campaign, he (Hervey) has managed to avoid personal contact with Judge Garfield," Culver said. "The implication is obvious," he added.

Culver went on to describe as "untruths" statements made by Hervey's son at the Point Loma meeting. He said Garfield spoke first and had no chance to deny what the GOP officer had claimed.

The candidate's son, James F. Hervey, told the members of the Point Loma Democratic Club, that Garfield had denied a jury trial to a defendant appearing before him. Culver declared that the statement was not true and that no specific case was cited. He added that Garfield had never been reversed in his 10 years on the bench.

Hervey was appointed to the Superior Court bench by former California Gov. Goodwin Knight. Judge Hervey acted as Knight's campaign manager and was appointed to the court bench in one of the governor's last acts before turning over the reins of the state to Gov. Pat Brown.

Mrs. Jessica Higbie, an original member of a campership to Carol Braden, center, and a the Spring Valley Welfare Society, presents scholarship for nursing to Christina Bowen,

Welfare Society Gives Campership, Scholarship

The Spring Valley Welfare Society last week presented a scholarship and a campership to two girls of the area.

Mrs. Jessica Higbie, one of the two original members of the society (Mrs. Grace Golden is the other), presented the scholarship to Christina Bowen, 16, a senior at Mt. Miguel High School. Christina graduates this month. The scholarship is for \$150 and will get the girl started well on her way to becoming a nurse. Leaving here in September she will go to New York and to Bellview Hospital Nursing School for a four-year course.

Miss Bowen is the daughter of Mr. and Mrs. William Bowen of 2430 Central Ave., Spring Valley. She said that a career of nursing has been in the back of her mind for a long time but it was not until she reached the tenth grade that her idea became serious. She was chosen over 414 other eligible students. Her sister Victoria also is considering a medical career.

Mrs. Higbie presented the campership to 11 year old Carol Braden, daughter of Mr. and Mrs. H. F. Braden of 10534 Rancho Rd., Homelands, Carol, who attends Casa de Oro Elementary School, has been in

Scouting three years. She is a Girl Scout of Troop 1673, with Mrs. Leonard Weaver as Scout leader.

She is a "straight A" student and was chosen from three Girl Scouts for the campership award. The campership award, which is given by the Welfare Society each year to a deserving Girl Scout or Brownie, is for a two weeks all-expense campout. Carol is scheduled to attend Camp Tapawingo in the Cuyamacas.

Welfare Society Elects Officers

Mrs. Warren (Thelma) Lewis of 8723 Lamar St., Spring Valley, has been elected president of the Spring Valley Welfare Society. Other officers elected were: Mrs. Elmer (Thelma) Puterbaugh, first vice president; Mrs. Roy (Margaret) Isles, second vice president; Mrs. William (Marge) Anderson, recording secretary; Mrs. George (Georgia) Schiller, corresponding secretary; and Mrs. E. R. (Greta) Zalusky, treasurer.

Installation was held May 20 with Mrs. Ronald (Eileen) Smith as installing officer.

Turnbull Signs Second Contract

Lemon Grove actor-columnist Bob Turnbull is now writing for his second national fan magazine. The August issue of "Teen Parade," now on the stands, features his column entitled "The Hollywood Diggings."

Turnbull started his film-land reporting career just three weeks ago in a magazine entitled "TV Screen Parade." It was the July issue, also on the stands.

Currently in Warner Bros. "The Tall Story" Turnbull soon will be seen in 20th Century Fox's Biblical epic, "The Story of Ruth."

Lowell White Services Held

Funeral services for Lowell E. White, 60, of 3501 Helix St., Spring Valley, were held May 25 at Greenwood Mortuary. Entombment followed in Greenwood Mausoleum. He died May 20 in a San Diego hospital.

A native of Iowa, Lowell White had lived in the county 35 years. He was a retired employee of the San Diego Sanitation Dept.

CANCER SOCIETY
The San Diego County branch of the American Cancer Society will have an exhibit at the Southern California Exposition and San Diego County Fair in Del Mar June 24 through July 4, according to D. E. Windsor.

News of Spring Valley Estates, Mt. Miguel Terrace and La Presa

By Elaine Horowitz

Brownie Troop 982, which is sponsored by the Avondale PTA, joined the other Spring Valley troops for a revel at Goodland Acres Park on May 28.

The revel was opened with the raising of the flag, and from 10 a.m. to 2 p.m., enjoyment was the order of the day. Songs were sung, games were played, new crafts were taught, and a puppet show was given by Mrs. Perkins' Brownie troop.

Camp Lets Out

Avondale's 6th graders returned from their five-day stay at Camp Davidson on Friday, and were bubbling over with enthusiasm about camp life.

The campers were unanimous about it being fun, and the things they enjoyed the most in order of precedence were: good food, a five day holiday from school, long hikes, coming home, games, a three day holiday to go, and crafts.

The only mishap reported was to the truck carrying home the campers' belongings, which suffered a broken axle, and the evening hours found many parents waiting patiently(?) at the school for duffel bags to arrive.

Polio Clinic

The Avondale PTA announced that polio shots again will be given on June 13, from 7-8 p.m. at the Avondale School.

The Polio Foundations have announced repeatedly that the only way eventually to stamp out this dread disease is for every man, woman and child to have at least four shots.

Many parents feel that they are fulfilling their parental obligations by having their children take these shots, but this is only doing it half way. If parents do not follow a similar program of immunization, then there is still that chance of polio coming into that home; so not only are they subjecting their children to this disease against which the shots have never been said to be 100 per

PTA Official Honored at Luncheon

A luncheon honoring the retiring president of Ninth District PTA, Mrs. Byron Netzley was held at the Fireside Restaurant, Kearny Mesa, on Monday, May 23, with Mrs. W. R. Sellers "el goyente" of the Spanish theme affair. The honoree, born in Cuba, inspired the executive board which sponsored the luncheon, to put to song the past efforts of Mrs. Netzley in PTA activities.

Mrs. Netzley has served some 19 years as chairman and officer of elementary units in Imperial County and Lemon Grove; as Vice President and President of Mt. Helix Council and assisted when this group divided into the present El Capitan, Foothills Secondary and Mt. Helix Council of today; served as chairman and vice president of Ninth District and then president of the group which currently boasts of 254 units in 21 councils.

She is a voting member of many civic and education committees and has proved her knowledge of PTA and its many activities when representing her group on TV and radio programs throughout the past year. Through her efforts the reciprocal cooperation with the schools in San Diego county has flourished with chairmen from Ninth District in constant touch with safety, juvenile protection, health and welfare, Red Cross, backyard swim campaign and traffic advisory committees throughout the area.

Mr. Netzley and daughter Sherry attended the luncheon

Mrs. Byron Netzley

and heard Mrs. Ernest Savoy, Ninth District, bid Mrs. Netzley "hasta luego."

Spring Valley Woman's Club Names Officers for Year

Mrs. Rolan (Ruth) Taylor of 3780 Lamar St., Spring Valley, was elected president of the Spring Valley Woman's Club, when that group met May 25. She succeeds Mrs. Elmer (Gretta) Mickelson.

Other officers elected for the ensuing year are Mrs. W. F. (Marge) Anderson, first vice president; Mrs. Lee (Dorothy) Green, second vice president; Mrs. Dale (Rita) Hulett, recording secretary; Mrs. R. T. (Grace) Harris, corresponding secretary; Mrs. Ralph (Gertrude) Gray, treasurer; Mrs. Elmer (Gretta) Mickelson, parliamentarian; Mrs. Donald (Hazel) Clark, membership chairman; and Mrs. Glenn (Jackie) Lindeneau, publicity chairman.

Installation of officers will be June 8 at the home of Mrs. Ted (Alma) Arrington, following a noon luncheon. Installing officer will be past-president Mrs. Richard (Bess) Hood. Hostess Mrs. Arrington will be assisted by social chairman, Mrs. H. R. (Nell) Austin. Theme of the installation will be Hawaiian. The program and decorations will follow the Hawaiian motif and are being planned by Mrs. Arrington and Mrs. Hood.

Square Dance News

The Dancing Dudes square dance club will play host this Saturday evening to a gigantic square dance as a benefit for the newly-formed Boy Scout Troop 310 of Lemon Grove.

Dell Lake, who will be one of the five callers, will act as master of ceremonies. The other callers will be Ron East, Bill Keller, Harold Eberwein, Don Browne and Tom Montague.

Funds raised from admissions will be given to the new troop. Lake said, to help it get started.

The dance is open to the public, and particularly to square dance groups from the area. Lake said, it will be held from 8 to 11 p.m. at Lemon Grove Junior high school.

Rock Hounds Bid Farewell To Photographer

The recent regular meeting of the El Cajon Valley Gem and Mineral Society became a farewell party for their president, Gerald Wood, who is leaving for Mesa Verde National Park, Colo., to take a position with the National Park Service as an archaeological photographer.

Wood, a June graduate from San Diego State College with a bachelor of arts degree in anthropology, is the son of Mr. and Mrs. Monroe L. Wood of Lemon Grove.

The society presented him with a sheath axe as a farewell gift, and an appropriately inscribed cake was served to members and guests.

Louis Walker of El Cajon will take over the presidency of the society, which is sponsored by the El Cajon Recreation Dept.

Students Seek Jobs

JOBS WANTED! Joyce Swinson, center, and Charlene Hudkins, right, both students at Mt. Miguel high school discuss job opportunities with Mrs. Elizabeth Sanborn, employment supervisor for the state department of employment.

The state operates a job placement office at Grossmont high school campus. The office serves high school students from all of the schools of the district.

The service placed 1,768 youngsters in jobs in 1959 ranging through baby-sitters, service station attendants, yard workers, sales work and box boys. It also placed Joyce in her first paying job as a part time clerk at the Lemon Grove branch of the U.S. National Bank. She is a junior.

Charlene, a senior at Mt. Miguel, was placed in a part time job with E. Winters, local accounting firm. Upon graduation she will take on a full time job with the Lemon Grove school district.

According to Irma Harding, youth placement officer at Grossmont, job opportunities of all sorts are urgently wanted right now. There is no charge for either the employer or the employee.

A simple routine is followed for placing youngsters in jobs. An employer calls the high school at HO-pkins 6-4105, extension 53. Miss Harding fans through her files to find the name of the youngsters whose previous tests indicate he has the best capabilities for handling the job. He applies for the job. If he is accepted he then gets a work permit at the school. The employer employs the applicant for whatever time

he wishes. At the time of separation, the employer signs an addressed card which the applicant submitted at the start of the job, and mails it.

Mrs. Sanborn says there are scores of youngsters who desperately want to work and learn.

"It's a good investment in the future of these boys and girls," Mrs. Sanborn says.
